COMMITTEE ON LEGISLATIVE RESEARCH

OVERSIGHT SUBCOMMITTEE

THE COMMITTEE ON LEGISLATIVE RESEARCH, Oversight Division, is an agency of the Missouri General Assembly as established in Chapter 23 of the Revised Statutes of Missouri. The programs and activities of the State of Missouri cost approximately \$19 billion annually. Each year the General Assembly enacts laws which add to, delete or change these programs. To meet the demands for more responsive and cost effective state government, legislators need to receive information regarding the status of the programs which they have created and the expenditure of funds which they have authorized. The work of the Oversight Division provides the General Assembly with a means to evaluate state agencies and state programs.

THE COMMITTEE ON LEGISLATIVE RESEARCH is a permanent joint committee of the Missouri General Assembly comprised of the chairman of the Senate Appropriations Committee and nine other members of the Senate and the chairman of the House Budget Committee and nine other members of the House of Representatives. The Senate members are appointed by the President Pro Tem of the Senate and the House members are appointed by the Speaker of the House of Representatives. No more than six members from the House and six members from the Senate may be of the same political party.

PROJECTS ARE ASSIGNED to the Oversight Division pursuant to a duly adopted concurrent resolution of the General Assembly or pursuant to a resolution adopted by the Committee on Legislative Research. Legislators or committees may make their requests for program evaluations through the Chairman of the Committee on Legislative Research or any other member of the Committee.

COMMITTEE ON LEGISLATIVE RESEARCH
OVERSIGHT DIVISION

March 13, 2006

The Oversight Division is pleased to present the annual report on state bonded indebtedness and other evidences of indebtedness as required by Section 23.195, RSMo. This report is a summary of information compiled from state agencies and local governmental entities. Its contents describe both state debt and non-state debt as of June 30, 2005. The information is unaudited.

We have listed state debt by agency and local debt. It is important to mention the State of Missouri has continued to maintain its AAA bond rating. This means the state has a superior credit rating and can issue its bonds at a lower rate of interest.

We hope this report will be helpful to the members of the General Assembly and encourage you to contact our office if you have any questions regarding its content.

Introduction & Scope

Section 23.195, RSMo directs the Oversight Division of the Committee on Legislative Research to *"...maintain a register of all state bonds or other evidences of indebtedness of all state agencies and of entities of the state given authority by law to incur indebtedness, whether or not the indebtedness is a liability of the state..."* Subsection 2 of this statute requires that the Oversight Division *"...report on the total bonded and other indebtedness including lease purchase agreements of this state and its various agencies, entities, and institutions to the individual members of the general assembly..."* This report provides members of the state legislature with information regarding the amount of indebtedness incurred throughout the state as of June 30, 2005 so that they may make informed decisions regarding expenditures and appropriations.

Background

State Debt

General Obligation Bonds

The Board of Fund Commissioners, (Chapter 33, RSMo), upon approval of the General Assembly, issues general obligation bonds to provide funds for improvements of buildings and property of higher education institutions, Department of Corrections, and the Division of Youth Services. The principal and interest on these bonds will be paid from moneys transferred from the General Revenue Fund to the Fourth State Building Fund.

The Board began issuing Fourth State Building bonds in 1995. The total amount authorized by constitutional amendment is \$250,000,000.

Fourth State Building bonds outstanding (not including interest) as of June 30, 2005, total \$200,170,000, and the interest to maturity totals \$92,115,081. The total of outstanding principal and interest is \$292,285,081.

The Third State Building Bonds provide funds for improvements of state buildings and property. The principal and interest on these bonds are paid from funds transferred from the General Revenue Fund to the Third State Building Bond Interest and Sinking Fund. The Office of Administration reported \$246,075,000 in Third State Building bonds outstanding principal as of June 30, 2005. Outstanding interest remaining to be paid out over the remaining life of the bonds is \$36,679,259. The total of outstanding principal and interest to maturity is \$282,754,259.

The Board of Fund Commissioners also issues Water Pollution Control Bonds to provide funds to protect the environment through control of water pollution. The principal and interest on these bonds are paid from funds transferred from the General Revenue Fund to the Water Pollution Control Bond and Interest Fund. The total principal of \$304,190,000 was outstanding as of June 30, 2005. Outstanding interest to be paid out over the remaining life of the bonds is \$118,756,870. Total of principal and interest to maturity is \$422,946,870.

The Board of Fund Commissioners also issues Stormwater Control Bonds to provide funds to protect the environment through the control of stormwater. The principal and interest on these bonds are paid from funds transferred from the General Revenue Fund to the Stormwater Control Bond and Interest Fund. The total principal of \$40,475,000 was outstanding as of June 30, 2005. Outstanding interest totals \$21,444,290. Total of outstanding principal and interest is \$61,919,290.

State Road Bonds

The Highway Commissioner, (Chapter 226.133), upon approval of the General Assembly, may issue bonds in the amount not to exceed \$2,000,000,000 from fiscal year 2001 to fiscal year 2006; except that the commission may immediately authorize the issuance of up to \$250,000,000 of bonds for construction and repairs to the State Highway System in the Commission's Five-Year Plan. The principal amount of such bonds issued in any one year may not exceed \$500,000,000.

The Commission issued the first State Road Bonds - Series A 2000 in December 2000 for \$250,000,000. Interest and principal are due semiannually on February 1 and August 1, with the first payment due August 1, 2001. In October 2001, the Commission issued a Series A 2001 bond not to exceed \$200,000,000. In June 2002, the Commission issued a Series A 2002 bond not to exceed \$203,000,000. In November 2003, the Commission issued a Series A 2003 bond not to exceed \$254,000,000.

State Road bonds outstanding as of June 30, 2005, totaled \$828,500,000 and the interest to maturity totals \$402,010,000, for a total of \$1,230,510,000.

Revenue Bonds

With approval of the General Assembly, state revenue bonds are issued by the Board of Public Buildings (Chapter 8, RSMo) to finance building projects. State agencies are committed to leasing space within these buildings and the lease amounts are paid from funds appropriated by the General Assembly. These amounts are sufficient to pay principal and interest on the bonds. As of June 30, 2005, the total revenue bond principal outstanding was \$602,920,000. The interest to be paid out over the remaining life of the bonds is \$380,901,846. Total of principal and interest to maturity is \$983,821,846.

Other Bonds

General Revenue supports the Series A 1990 College Savings bond issue for the Missouri Health and Education Facilities Authority (Chapter 360, RSMo) that is used for college savings bonds.

On June 13, 1996 the Missouri Health and Educational Facilities Authority (MOHEFA) College Savings Bonds were cash defeased. The bonds were not called, but principal and interest payments beginning with the August 1, 1996 payment will be from an escrow account instead of from state appropriations.

While the following bonds are not directly issued by the State of Missouri, the Office of Administration considers them state bond debt for reporting purposes:

The St. Louis Regional Convention and Sports Complex Authority (Chapter 67, RSMo.) has issued limited obligation bonds for facilities. These bonds do not constitute a pledge of full faith and credit of the State of Missouri. However, under a financing agreement reached in 1991, the State pays the Authority sufficient "rent" on these facilities to pay principal and interest each year. As of June 30, 2005, the total amount of outstanding principal is \$111,915,000 and interest to be paid out over the remaining life of the bonds is \$55,239,356. Total amount of principal and interest to maturity is \$167,154,356.

Lease/Purchase Agreements

The State issued Refunding Certificates of Participation Series A 2005 dated March 1, 2005 in the amount of \$120,490,000. The Refunding Certificates of Participation refunded \$13,945,000 of Missouri Public Facilities Corporation Certificates of Participation (Acute Care Psychiatric Hospital Project) Series A 1994, \$13,400,000 of Missouri PRC Corporation Certificates of Participation (Psychiatric Rehabilitation Center Project) Series A 1995, \$9,915,000 of Northwest Missouri Public Facilities Corporation Certificates of Participation (Northwest Missouri Psychiatric Rehabilitation Center Project) Series B 1995, and \$83,480,000 of Missouri Public Facilities Corporation II Certificates of Participation (Bonne Terre Prison Project) Series A 1999.

The total outstanding principal as of June 30, 2005 is \$120,490,000 and outstanding interest to be paid out over the remaining life of the bonds is \$43,239,849. The total of outstanding principal and interest to maturity is \$163,729,849.

Capital Leases, Lease/Purchase Agreements

This report contains totals of annual lease payments on facilities with lease options. Lease purchases for personal property as well as any other obligation are calculated to the end of the lease. As of June 30, 2005 all lease payments totaled \$84,402,595 (including interest).

Other Obligations

The Missouri Department of Transportation (MODOT) has a policy that aids local governments by contractually committing MODOT's financial resources to retiring bonds that were issued by the local governments for road or bridge projects on state owned highways that are located within the local governments boundaries. The current commitment totals \$67,998,000.

Non-State Debt

Independent Statutory Authorities

The following are various Missouri statutory authorities, some of which may issue tax exempt bonds which are the primary responsibility of individuals and/or organizations for whom the debt is issued.

Bi-State Development Agency
Central Missouri State University
Environmental Improvement & Energy Resource Authority
Harris-Stowe College
Jackson County Sports Complex Authority
Kansas City Area Transportation Authority
Lincoln University
MO Agricultural & Small Business Development Authority
MO Development Finance Board
MO Health & Educational Facilities Authority
MO Higher Education Loan Authority
MO Housing Development Commission
Missouri Southern State College
Missouri Western State College
Truman State University
Northwest Missouri State University
Southeast Missouri State University
Southwest Missouri State University
University of Missouri

\$17,977,177,865 was reported as amounts owed for bond issues (including interest) as of June 30, 2005, by the various statutory authorities of Missouri. The total annual payments for capital and lease/purchase agreements (including interest) and other obligations by these authorities as of June 30, 2005, was \$30,041,962. Total outstanding debt of independent statutory authorities as of June 30, 2005, was \$18,007,219,827.

Other Obligations - Independent Statutory Authorities

The Missouri Agriculture and Small Business Development Authority administers the Single - Purpose Animal Facilities Loan Guarantee Program.

The purpose of the Single-Purpose Animal Facilities Loan Guarantee Program is to provide a 25 percent first-loss guarantee on loans up to \$500,000 that banks and other lenders may make to independent livestock producers.

Loans guaranteed by the livestock loan guarantee program can be used to finance breeding or feeder livestock, land, buildings, facilities, equipment, machinery and

animal waste systems used to produce poultry, swine, beef and dairy cattle (and other livestock).

Priority is placed upon guaranteeing loans to finance single-purpose confinement facilities and the poultry or livestock produced within those facilities. The 25% first loss guarantees made through the Single-Purpose Animal Facilities Loan Guarantee Program and Value-Added Loan Guarantee Program are made against monies appropriated by the General Assembly to the Single-Purpose Animal Loan Guarantee Fund and the Agricultural Product Utilization and Business Development Loan Guarantee Fund. The total amount of principal on which the 25% loss could be applied is \$14,020,000.

Political Subdivisions

Local political subdivisions, upon approval of the voters, issue local general obligation bonds. Those local general obligation bonds registered with the State Auditor's Office July 2004 through June 2005 as required by Chapter 108.240, RSMo are included in this report. Local government debt service is paid by the various political subdivisions. During Fiscal Year 2005, \$2,124,576,592 worth of bonds were issued by the political subdivisions of Missouri.

Detailed information concerning the data presented in this report is available upon request from the Oversight Division, Room 132, State Capitol.

** The Jackson County Sports Complex Authority doesn't hold, nor is directly responsible for the repayment of any indebtedness. In October of 1998, Jackson County issued \$40,170,000 of leasehold Revenue Bonds in part to fund improvements to the Truman Sports Complex. Jackson County has historically given the Authority \$3.5 million annually, however, in 1999, Jackson County began diverting the \$3.5 million annually for debt service on bonds.

POLITICAL SUBDIVISIONS

According to state law, the state auditor is responsible for reviewing and registering general obligation bonds issued by most political subdivisions in Missouri. In Fiscal Year 2005, the State Auditor's Office (SAO) registered 191 bonds with a total value of \$1,095,617,970. Under Section 108.300, RSMo, any county of the first classification, or city or school district with a population over 65,000 is not required to register their bond issues with the State Auditor, although some of these entities continue to do so regardless. According to recent census date, the following political subdivisions are exempt from registration requirements, necessitating direct contact by the Oversight Division:

First Class Counties			
Boone	Buchanan	Clay	Franklin
Greene	Jackson	Jasper	Jefferson
Platte	St. Charles	St. Louis
